

Study abroad and exchange

Federation University's study abroad and exchange programs offer the chance to become immersed in a totally different environment.

This enriching experience will enable you to see and do things you wouldn't expect, and meet people who have grown up in a different culture. When you study abroad, you have a unique opportunity to make friends with people from all kinds of different cultures, and learn about other countries and customs

While living abroad you'll be able to try new foods, hear traditional music, have a go at local activities and explore everything else your host culture has to offer. It's also fascinating to learn and see your own culture through the eyes of somebody else's - you can learn a lot about yourself and your home country this way.

Eligible study abroad and exchange students from Federation University's official exchange institutions, are welcome to enrol in either one or two semester programs in a wide range of academic areas. Students gain academic credit at a host institution while remaining enrolled with Federation University.

Why study abroad? This time may be the only opportunity you'll ever get to travel abroad for a long period of time. Eventually you will find a job and career, and the opportunity to study abroad may turn out to be a once in a life time opportunity.

Take this opportunity to travel the world with no commitments but to study and learn about new cultures. Studying abroad is an experience unlike any other.

"By integrating into the community and connecting with the locals, we gained far greater insights into the culture and the way of life for the Fijians than we could ever achieve as a tourist. It is with this experience that we take home a lasting connection to this community, and therefore a heightened awareness of the things we can do to help our Pacific neighbours. There is no better way to appreciate the complexity of a global economy than to leave your local community and explore it for yourself."

"This program was such a rewarding experience and a trip I will never ever forget. Personally, I feel as though I have gained so much more confidence and was able to develop a better understanding about my own goals and what direction I wish to head in once I finish this degree."
